## AACN COURSE CONTENT GRID FOR CMSV BACCALAUREATE NURSING PROGRAM

### The Essentials of Baccalaureate Nursing

<table>
<thead>
<tr>
<th>Course</th>
<th>Examples</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>1: Liberal Education for Baccalaureate Generalist Nursing Practice</strong></td>
<td></td>
</tr>
<tr>
<td>1. Integrate theories and concepts from liberal education into nursing practice.</td>
<td>Bio 109/110; NURS 219; 229c; 319c; 329c; 444c; 436c; 444c; 433c; 434c; 431c</td>
</tr>
<tr>
<td>Perform Physical Assessment on individuals; clinical reflection paper; annotated bibliography and comprehensive care plans?</td>
<td></td>
</tr>
<tr>
<td>2. Synthesize theories and concepts from liberal education to build an understanding of the human experience.</td>
<td>Phil 110; Psych 103; Hist 201; Soc 203; 205; NURS 119; 209; 109; 409; 229c; 319c; 329c; 431c; 433c; 434c; 409; 444c</td>
</tr>
<tr>
<td>Understanding why nursing is a science discussion; recognizing the forms of communication involved with client care through journal presentations and case presentations, identifying prioritization of care and delegation of care needs appropriately. Simulation exercises. Understanding the influence that the human experience and theory development have on the researcher choosing a paradigm for inquiry.</td>
<td></td>
</tr>
<tr>
<td>3. Use skills of inquiry, analysis, and information literacy to address practice issues.</td>
<td>ENGL 110; 120; 109; FYE; Hist 203; 205; NURS 209; 219; 229c; 319c; 329c; 431c; 433c; 434c; 409; 444c</td>
</tr>
<tr>
<td>Professional papers, research papers; Client presentation. Case presentations, journals, group program design and delivery. Community assessment and community based projects. Class presentations. Discussions and assignments to answer how theory, practice and research constitute at triangle of bidirectional relationships.</td>
<td></td>
</tr>
<tr>
<td>4. Use written, verbal, nonverbal, and emerging technology methods to communicate effectively.</td>
<td>FYE; Com 331, 333; NURS 109; 119; 209; 229; 319; 329; 409; 431; 433; 434; 436; 444</td>
</tr>
<tr>
<td>Discussion board, Power Point presentations, human patient simulator. Case presentations, journals, group presentations. Simulation exercises</td>
<td></td>
</tr>
<tr>
<td>5. Apply knowledge of social and cultural factors to the care of diverse populations.</td>
<td>Language core; Soc 203; 205; Hist 201, 203; NURS 109; 209; 119; 219; 229; 319; 329; 431; 433; 436; 444</td>
</tr>
<tr>
<td>Language requirement increases cultural understanding. Madeline Leninger- Culture Diversity in Nursing; cultural competency. Succinct dialogue of NPSG. Successful completion of Kaplan review program. Community based projects. Simulation exercises. Discussion of the ethical importance of equal representation of research among diverse participants with respect to justice (equal distribution of burdens and benefits among cultural groups and both genders).</td>
<td></td>
</tr>
</tbody>
</table>
6. Engage in ethical reasoning and actions to provide leadership in promoting advocacy, collaboration, and social justice as a socially responsible citizen.

Engage in ethical reasoning and actions to provide leadership in promoting advocacy, collaboration, and social justice as a socially responsible citizen.

7. Integrate the knowledge and methods of a variety of disciplines to inform decision making.

Integrate the knowledge and methods of a variety of disciplines to inform decision making.

Phil 314; Spc 203, 205; NUR 436; Community assessment, Community based projects, disaster management; discussion forums;

8. Demonstrate tolerance for the ambiguity and unpredictability of the world and its effect on the healthcare system.

Demonstrate tolerance for the ambiguity and unpredictability of the world and its effect on the healthcare system.

Phil 314; Spc 203, 205; NUR 436; Community assessment, Community based projects, disaster management; discussion forums;

9. Value the ideal of lifelong learning to support excellence in nursing practice.

Value the ideal of lifelong learning to support excellence in nursing practice.

NURS 209; 436, NURS 109; The study of Patricia Brenner Novice to Expert Nurse; Discussion forum, Discuss education and degree advancement, roles of advanced prepared nurses. Discussion regarding Patricia Brenner “From Novice to Expert” as well as the need for continuing education as lifelong learning in developing oneself as an innovator.
### II: Basic Organizational and Systems Leadership for Quality Care and Patient Safety

<table>
<thead>
<tr>
<th></th>
<th>Course</th>
<th>Examples</th>
</tr>
</thead>
<tbody>
<tr>
<td>1.</td>
<td><strong>Apply leadership concepts, skills, and decision making in the provision of high quality nursing care, healthcare team coordination, and the oversight and accountability for care delivery in a variety of settings.</strong></td>
<td><strong>Soc 203,205; Psyc 103; Bus 105; Econ 230; NURS 109; 409; 319 329c;</strong></td>
</tr>
<tr>
<td>2.</td>
<td><strong>Demonstrate leadership and communication skills to effectively implement patient safety and quality improvement initiatives within the context of the interprofessional team.</strong></td>
<td><strong>Soc 203,205; Psyc 103; Bus 105; Econ 230; NURS 219; 229; 319c; 329c; 431c; 433c; 409; 444c, 434c, 109</strong></td>
</tr>
<tr>
<td>3.</td>
<td><strong>Demonstrate an awareness of complex organizational systems.</strong></td>
<td><strong>Bus 105; NURS 109; 409; 436,</strong></td>
</tr>
<tr>
<td>4.</td>
<td><strong>Demonstrate a basic understanding of organizational structure, mission, vision, philosophy, and values.</strong></td>
<td><strong>Bus 105,106; Econ 230; NURS 409; 436</strong></td>
</tr>
<tr>
<td>5.</td>
<td><strong>Participate in quality and patient safety initiatives, recognizing that these are complex system issues, which involve individuals, families, groups, communities, populations, and other members of the healthcare team.</strong></td>
<td><strong>Soc 203,205; Bus 105, 106; NURS 229c; 319c; 329c; 431c; 433c; 444c; 436c, 109</strong></td>
</tr>
<tr>
<td>6.</td>
<td><strong>Apply concepts of quality and safety using structure, process, and outcome measures to identify clinical questions and describe the process of changing current</strong></td>
<td><strong>Bus, 105, 106; NURS 229c; 319c; 329c; 431c;</strong></td>
</tr>
</tbody>
</table>
7. Promote factors that create a culture of safety and caring. Discuss of Watson’s model and clinical experiences. The National Patient Safety Goals reviewed and identified as a major focus of TJC. Program provided and testing provided to indicate understanding.
The Essentials of Baccalaureate Nursing

8. Promote achievement of safe and quality outcomes of care for diverse populations.

Course: Hist 201, 203; Soc 203, 205; NURS 219; 229c; 319c; 329c; 431c; 433c; 444c; 436c; 409;

Examples: Windshield survey; Analysis of health news journals; community assessment presentations; Institute of Medicine report on Healthcare Disparities; clinical experiences, Leadership self assessment, community based projects

9. Apply quality improvement processes to effectively implement patient safety initiatives and monitor performance measures, including nurse-sensitive indicators in the microsystem of care.

Course: Bus 105, 106; Econ 230; NURS 219; 229c; 319c; 329c; 431c; 433c; 444c; 436c; 409;

Examples: IT systems: Electronic Medical Records Medical systems to decrease human errors; clinical experiences Navigation of Kaplan resources, Diagnostic Plan for success.

10. Use improvement methods, based on data from the outcomes of care processes, to design and test changes to continuously improve the quality and safety of health care.

Course: Math 102, 119, 120; NURS 209; 229c; 319c; 329c; 431c; 433c; 444c; 436c; 409;

Examples: Demonstrate understanding by answering questions related to the article, paper.

11. Employ principles of quality improvement, healthcare policy, and cost-effectiveness to assist in the development and initiation of effective plans for the microsystem and/or system wide practice improvements that will improve the quality of healthcare delivery.

Course: Bus 105, 106; NURS 409; 436

Examples: Cost and budgeting Policy; Medicare and Medicaid; Discussion forum. Lead discussion questions/chapters related to clinical pathways, party payment.

12. Participate in the development and implementation of imaginative and creative strategies to enable systems to change.

Course: Bus 105, 106; Math 102, 119, 120; NURS 409

Examples: Change theories, Dilemmas in Health Care, conflict resolution and negotiation.

III: Scholarship for Evidence-Based Practice

1. Explain the interrelationships among theory, practice, and research.

Course: Math 102, 119, 120; NURS 109; 119; 209 409

Examples: Group class discussions, written weekly assignments and exams.

2. Demonstrate an understanding of the basic elements of the research process and models for applying evidence to clinical practice.

Course: Math 102, 119, 120; NURS 109; 209

Examples: Discussion forum; Critique of research in nursing Research paper, Research midterm and final, group oral and written presentations designed by a team. Group class discussions, written weekly assignments and exams.
3. Advocate for the protection of human subjects in the conduct of research.

4. Evaluate the credibility of sources of information, including but not limited to databases and Internet resources.

5. Participate in the process of retrieval, appraisal, and synthesis of evidence in collaboration with other members of the healthcare team to improve patient outcomes.

6. Integrate evidence, clinical judgment, inter-professional perspectives, and patient preferences in planning, implementing, and evaluating outcomes of care.

7. Collaborate in the collection, documentation, and dissemination of evidence.

8. Acquire an understanding of the process for how nursing and related healthcare quality and safety measures are developed, validated, and endorsed.

9. Describe mechanisms to resolve identified practice discrepancies between identified standards and practice that may adversely impact patient outcomes.

The Essentials of Baccalaureate Nursing

Course

Examples

Phil 110; 314; NURS 209; 409, 109

Discussion of Advance Directives, DNR, Health Care Proxy Term Paper. Discussion regarding the role of the IRB and the importance of protecting human subjects being upheld both in the informed consent document and by upholding research ethics throughout the research process. Discuss EBP.

Com 331, 333; Phil 110, 314; Math 110; NURS 209; 409, 109

Group discussions; class discussion of credible resources. Appropriate use of MR and confidentiality, misuse of email system. Barcoding. Informatics. Class discussions about strategies to establish trustworthiness in qualitative research (e.g. credibility, confirmability, dependability & transferability).

NURS 209;

Clinical pathways; Class discussion regarding effective strategies for healthcare organizations to apply evidence based practice (EBP).

NURS 219; 229c; 319c; 329c; 431c; 433c; 434c; 436c; 444; 409

clinical experience; Class discussion, review of discussion articles during clinical, journal completion, case presentations.

NURS 109; 319c; 329c; 409

Encouraging students to Join profession organization online as well as to access nursing journals online – Preparation and presentation of team research on health care dilemma’s.

NURS 209; 409

Class discussion; oral or paper presentation,

NURS 109; 409

Professional Issue Paper/Presentation; Health Policy Issue Presentation. Effective management of policy changes in Health Care Organizations.
### IV: Information Management and Application of Patient Care Technology

| 1. | Demonstrate skills in using patient care technologies, information systems, and communication devices that support safe nursing practice. | FYE; Co333, NURS 229c; 319c; 329c; 433c; 434c; 409, 109 | Electronic Medical Record (EMR); use of PDA’s, laptop computers, Skills lab; Human patient simulation; Smart phones; Discussion forum; weekly assignments. Smart boards, Ipad, Medication administration via barcodes |
| 2. | Use telecommunication technologies to assist in effective communication in a variety of healthcare settings. | Com 333; Math 110; NURS 319c; 329c; 429c; 319c; 329c; 433c; 434c | Webinar, PowerPoint presentations, Pod Cast; On Line hybrid format. Virtual Classes; computerized exams; Discussion forum; weekly assignments. Kaplan, Telehealth. |
| 3. | Apply safeguards and decision making support tools embedded in patient care technologies and information systems to support a safe practice environment for both patients and healthcare workers. | Com 333; NURS 319c; 329c; 431c; 433c; 434c; 409 | Discussion on Paperless system, Tele-Nursing; clinical experiences; Computerized exams; Discussion forum; weekly assignments. Appropriate and safe use of new technologies, educational forums for use. |

</tr>
</tbody>
</table>
The Essentials of Baccalaureate Nursing

9. Use an ethical framework to evaluate the impact of social policies on healthcare, especially for vulnerable populations.

   Course: Phil 110, NURS 209; 436
   Examples: Letter to Congressman; ANA Code of Ethics; ANA Scope and Standards of practice (2010); Clinical experience, Discussions on Obamacare initiative.

10. Articulate, through a nursing perspective, issues concerning healthcare delivery to decision makers within healthcare organizations and other policy arenas.

   Course: NURS 109; 409; 436
   Examples: Analyzing and Interpreting data; Political Action paper; Discussion forum

11. Participate as a nursing professional in political processes and grassroots legislative efforts to influence healthcare policy.

   Course: NURS 109; 409; 436
   Examples: Lobby Day, Professional Organization membership.

12. Advocate for consumers and the nursing profession.

   Course: NURS 409
   Examples: Supporting Position OF AACN; Lobby Day. Encourage membership in Nursing Professional Associations

VI: Inter-professional Communication and Collaboration for Improving Patient Health Outcomes

1. Compare/contrast the roles and perspectives of the nursing profession with other care professionals on the healthcare team (i.e., scope of discipline, education and licensure requirements).

   Course: FYE; Phil 110, 324; Psych 103; Eng 109, 120; NURS 109; 409; 444
   Examples: Group exercises wth freshman from all disciplines.
The trends in health care; magnet Status in Hospitals : Health professional practice journals Issues; Group presentation, Discussion forum, Planetree Status

2. Use inter- and intra-professional communication and collaborative skills to deliver evidence-based, patient-centered care.

   Course: FYE; Phil 110, 324; Psych 103; Eng NURS 219; 229; 319; 329; 433; 432; 436
   Examples: Interdisciplinary group communication activities.
Discussion questions, experiential learning, clinical team meetings in Psychiatric Nursing.

3. Incorporate effective communication techniques, including negotiation and conflict resolution to produce positive professional working relationships.

   Course: Soc. 203, 205; NURS 409
   Examples: Readings in leadership and management text; term paper, Discussions on Comparing and contrasting conflict negotiation vs resolution.

4. Contribute the unique nursing perspective to inter-professional teams to optimize patient outcomes.

   Course: Phi 110; Psych 103; NURS 409
   Examples: Theory presentation, exams, discussion questions, human patient simulation scenarios, Design and present Patient Centered group,
6. Advocate for high quality and safe patient care as a member of the inter-professional team

NURS 219; 229; 319; 329; 431; 433; 434; 436

Letters to Congress on nursing ratio, Discussions on Leadership Delegation and scope of practice guidelines.

The Essentials of Baccalaureate Nursing
VII: Clinical Prevention and Population Health

<table>
<thead>
<tr>
<th>Course</th>
<th>Examples</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. NURS; 436; Bio 204</td>
<td>Community Health Nursing lecture; clinical settings in ambulatory care, windshield survey, community zip code project</td>
</tr>
<tr>
<td>2. NURS 119; 329; 436</td>
<td>Health history Guide; History of Physical Papers: Utilize Bates Physical Assessment CD's to study assessment techniques; class presentation</td>
</tr>
<tr>
<td>3. NURS 436</td>
<td>Study of Imogene King Paper- Reaction on End of Life Care, community assessment and windshield survey</td>
</tr>
<tr>
<td>4. NURS 436; Psych 103</td>
<td>Senior Citizen Center to determine health issues especially depression in the elderly</td>
</tr>
<tr>
<td>5. NURS 319; 329; 436; Bio 204</td>
<td>Ambulatory psychiatric centers; senior citizen centers, Nutritional centers, Research paper,</td>
</tr>
<tr>
<td>6. NURS 119; 319; 329; 436; Com 333</td>
<td>-Technology in The Health Care System; Tele-nursing; etc.</td>
</tr>
</tbody>
</table>
7. Collaborate with other healthcare professionals and patients to provide spiritually and culturally appropriate health promotion and disease and injury prevention interventions.

8. Assess the health, healthcare, and emergency preparedness needs of a defined population.

9. Use clinical judgment and decision-making skills in appropriate, timely nursing care during disaster, mass casualty, and other emergency situations.
The Essentials of Baccalaureate Nursing

10. Collaborate with others to develop an intervention plan that takes into account determinants of health, available resources, and the range of activities that contribute to health and the prevention of illness, injury, disability, and premature death.
   **Course**  
   NURS 436; Bio 204
   **Examples**  
   Brooklyn VA Hospital; Bellevue Hospital; Kings County Hospital; Lincoln Hospital; Upper Manhattan Psychiatric Center

11. Participate in clinical prevention and population focused interventions with attention to effectiveness, efficiency, cost effectiveness, and equity.
   **Course**  
   NURS 436; Busn 105, 230
   **Examples**  
   HHC Hospitals; VA; Flu Vaccinations

12. Advocate for social justice, including a commitment to the health of vulnerable populations and the elimination of health disparities.
   **Course**  
   NURS 436; Soc 203, 205
   **Examples**  
   Study of IOM Report; POD cast from Villanova University on Racism on health care

13. Use evaluation results to influence the delivery of care, deployment of resources, and to provide input into the development of policies to promote health and prevent disease.
   **Course**  
   NURS 409; 436
   **Examples**  
   NYC DOH MH health Bulletins: Health teaching programs delivered across all clinical settings including senior citizens centers in Brooklyn; clinics; psychiatric settings, Joint Commission SPEAK-UP program discussions.

VIII: Professionalism and Professional Values

1. Demonstrate the professional standards of moral, ethical, and legal conduct.
   **Course**  
   Rel 208; 370; 470; Phil 110; NURS 109; 119; 409
   **Examples**  
   Moral Values and health issues term paper; Demonstrate knowledge of ANA Code of Ethics, Discussions on Ethical Dilemmas, Justice and Veracity.

2. Assume accountability for personal and professional behaviors.
   **Course**  
   NURS 409; 436; 449; Psych 103
   **Examples**  
   Community Health rotation; Home visits, rotation through clinical @VA, Psych clinicals at NYP, Montifiere and St. Vincent’s.

3. Promote the image of nursing by modeling the values and articulating the knowledge, skills, and attitudes of the nursing profession.
   **Course**  
   NURS 109; 409; 444
   **Examples**  
   Interviewing a nurse leader, participation in Psychiatric rotation groups and team meetings.

4. Demonstrate professionalism, including attention to appearance, demeanor, respect for self and others, and attention to professional boundaries with patients and families as well as among caregivers.
   **Course**  
   NURS 319; 329; 436; 444
   **Examples**  
   Nursing as a metaphor Claire Fagin, Florence Nightingale, ed. Michelle Kunz, RN, M.A.; AACN Living Legends. Participation in Capstone Program.
The Essentials of Baccalaureate Nursing

5. Demonstrate an appreciation of the history of and contemporary issues in nursing and their impact on current nursing practice.

6. Reflect on one’s own beliefs and values as they relate to professional practice.

7. Identify personal, professional, and environmental risks that impact personal and professional choices and behaviors.

8. Communicate to the healthcare team one’s personal bias on difficult healthcare decisions that impact one’s ability to provide care.

9. Recognize the impact of attitudes, values, and expectations on the care of the very young, frail older adults, and other vulnerable populations.

10. Protect patient privacy and confidentiality of patient records and other privileged communications.

11. Access inter-professional and intra-professional resources to resolve ethical and other practice dilemmas.

12. Act to prevent unsafe, illegal, or unethical care practices.

Course

Examples

NURS 109; 119; 209; 436; Hist 201, 203; Soc 203, 205

Papers/Presentation on the contribution of specific leaders revised baccalaureate and masters essentials documents; accredited residency programs for beginning nurses, etc. Class discussions and exams to assess understanding of historical leaders in nursing and the trends in the development in nursing as an art, science and discipline.

REL 208; FYE; NURS 109; Psych 103

Philosophy Paper; Reflective presentation

NURS 109; 119; 436; 409; 449

Discussion on Whistle Blowing: Health care Disparities; Discussion forum. Presentations on Performance Appraisals, Recruitment strategies and decision-making re: job choices.

NURS 219; 229; 319; 329; 436; 449; Psych 103

Healthcare Disparities; IOM Report

NURS 219; 229; 319; 329; 436; 449

Standards of Nursing Practice ANA; clinical rotation. Respect of attitudes and values, of the young, aging, diverse and vulnerable populations is demonstrated in the health interview of health assessment.

NURS 219; 229; 319; 329; 436, 109

HIPPA Compliance understanding demonstrated through group discussion and exams.

NURS 219; 229; 319; 329; 436; 409; 449

Examine the importance of advance directives and health proxy as a tool in avoiding the misuse of health care technology in decisions that affect life care; Discussion forum. Group papers.

NURS 329; 436; 449, 109; Busn 106

ANA Scope and Standards of Nursing Practice (2010)Papers; AACN White Papers; ANA Code of Ethics; Discussion forum
13. Articulate the value of pursuing practice excellence, lifelong learning, and professional engagement to foster professional growth and development. 

NURS 409; 449

14. Recognize the relationship between personal health, self renewal, and the ability to deliver sustained quality care.

NURS 109; 119; 409
Term Paper The Role of the Nurse Manager. Chapter discussion question reviews, verbal presentations and written group paper.

The Essentials of Baccalaureate Nursing
IX: Baccalaureate Generalist Nursing Practice

<table>
